INTERACTIVE PLATFORM FOR CULTURAL ACCESS

WHAT'S HAPPENED SO FAR...

SECOND TRANSNATIONAL PARTNER MEETING

FLORENCE - ITALY

On 28 January 2020 the partners met again, this time in Florence, hosted by lead partner Palazzo Spinelli per l'Arte e il Restauro.

The partners worked hard on completing the context analysis and discussed their contacts with their stakeholders and target groups in their own countries (Italy, Portugal, Austria, Spain).

The partners also took part in an outreach activity at the Museo dell'Opera del Duomo, observing a group of young adults with sensory needs (autistic spectrum) being guided by expert heritage operators and a cognitive behavioural specialist from Casadasè Autism Association in discovering how the museum's exhibits can help them interpret their own feelings and emotions.

FIRST OUTREACH EVENTS

SALZBURG - AUSTRIA

Messezentrum Salzburg held the project's first outreach events during **Monumento Salzburg**, an Austrian Heritage Fair with a broad audience among project stakeholders and target groups. The full program included a presentation by Sarah Hellwagner of art:phalanx, Vienna, on Culture on Tour: A mobile mediation concept based on the medium of film; a presentation by Sofia Widmann on the future of museums; an analysis by Peter Strasser, representative of the OSCE in Kosovo on Cultural Education for Young People; and a round table on How to achieve cognitive and sensory accessibility for young people for culture using the medium of film by Christoph Schlick.

A DASH FOR HOME...

At the conclusion of the outreach events in Salzburg, the project partners had to move quickly to reach their countries before the Europe-wide lockdown came into effect due to the covid 19 global pandemic.

Fortunately, everybody reached their destinations, and now the project partners are navigating the evolving situation as best they can to keep the project on track.
