

HERIT-US PROJECT

INTERACTIVE PLATFORM FOR CULTURAL ACCESS

WHAT'S HAPPENED SO FAR...

Ongoing uncertainty has surrounded the project's activities but the partners have pressed forward and succeeded in holding both online and hybrid, in-person outreach events in Austria, Italy and Spain.

Stakeholders have continued to join us in sharing their experiences and we in turn have presented their institutions on our Facebook page, which is growing in reach and engagements.

IT'S NOT TOO LATE! YOU CAN JOIN US TOO! BECOME A STAKEHOLDER

Museums! Heritage sites!

Do you want to become part of our accessibility project for cultural sites? If you have any ideas or plans to make your sites, easily accessible to all, share them with us: become our stakeholders!

What is a Stakeholder?

A Stakeholder is an association, organization or company – public or private – who can share their experience in the sector for the good outcome of the project. The Stakeholder undersigns a declaration of interest in the project on their own headed paper and then responds to questions posed by the partners to provide targeted feedback on the project's direction.

For more information, write to us on Facebook, Instagram or to our email: info@heritus-project.eu.

WHAT WE'RE DOING NOW

Portuguese partner Spira is working hard on creating their outreach events due to be held online, and Austrian partner Messezentrum Salzburg is now working with our chosen service provider to construct the Multi-Lingual Interactive Platform, which will become the melting pot of good practices for cultural access, capable of hosting exchanges of information and experiences from cultural operators and the public.

UPCOMING OUTREACH EVENTS

PORTUGAL

Spira - revitalização patrimonial promotes the online SEMINARS “Jovens e Acessibilidade sensorial e intelectual ao Património Cultural - casos de estudo inspiradores”, on 15 and 23 June with simultaneous translation in Portuguese Sign Language.

Through examples of national projects and with the presence of guest speakers, the Seminars aim to debate the theme of accessibility applied to the young audience, exploring experiences in the areas of Dance, Music and Theater, as well as the themes of Performing Arts, Traditions and Interculturality.

Organized within the scope of the project Herit-Us - Interactive Platform for Cultural Access, the Seminars will be broadcast in integrated streaming in the programming of the AR&PA -

Iberian Biennial of Cultural Heritage 2021. Access is free.

- Seminar #1: 15 June | 14h-15h15

Accessibility and Young People: Artistic forms in promoting sensory and intellectual accessibility among young people.

- Seminar #2: 23 June | 14h-16h

Accessibility and Young People: Cultural events in promoting sensory and intellectual accessibility among young people

STAKEHOLDERS!

The project will soon be launching the Peer Review of the Platform, an essential phase of the project aimed at fine-tuning the services the platform provides and getting really useful feedback for the long life and effectiveness of the

project and its main output. We'll be asking you to get involved and have your say.
